

Edurio Trust Credit Scheme introduction email template

Subject line: Thought this might be useful for your trust

Hi [Name],

I wanted to share something we have found valuable across our trust.

We have been working with Edurio to gather feedback from our pupils, parents and staff. It has helped us get a clearer view of what is working well and where we need to focus.

I thought it might be useful for you to see how it works and whether it could support your priorities too.

I have copied in [CSM name] from Edurio, who can give a short overview and answer any questions.

No pressure at all, but it felt worth sharing.

Best wishes,

[Your name]
